**Presentation and Submission by
The Right Honourable, the Lord Mayor of Brisbane,
Councillor Adrian Schrinner
for adoption by Council**

In accordance with the *City of Brisbane Act 2010* (**CoBA**), the *City of Brisbane Regulation 2012* (**CoBR**) the *Meetings Local Law 2001* and Council's local laws, I present and submit to Council recommendations about the rates, charges and fees to be fixed for the financial year ending 30 June 2027, for adoption by Council.

1 Definitions

In this resolution, a term appearing in ***bold italic*** text is defined in the Dictionary at section 14, unless otherwise stated.

2 Land Use Codes

Until otherwise decided or amended, the ***land use codes*** as set out in section 15.10 of this resolution constitute the ***land use codes*** for rating and charging purposes.

3 Averaging of Land Values

Council must calculate the rates for land by using the rateable value of the land.

In accordance with section 67 of **CoBR**, Council will use the 3-year averaged value of the land for the purpose of deciding the rateable value of land for the ***financial year***. The 3-year average value is calculated in accordance with section 69 of **CoBR** with the 3-year averaging number for the ***financial year*** being 0.95.

Note: For land with ***land use code*** 72, the ***rateable value*** will be discounted by 40% in accordance with section 50(2) of the *Land Valuation Act 2010*.

4 Differential General Rates

4.1 Calculating Rates

- (a) Section 73(1) of **CoBR** provides that Council may levy general rates that differ for different categories of ***rateable land*** in Brisbane (differential general rates).
- (b) For the purpose of making and levying differential general rates for the ***financial year*** on all ***rateable land*** in the city, Council determines that:
 - (i) subject to section 4.1(c) of this resolution, there will be 227 different categories for ***rateable land*** in Brisbane
 - (ii) the rating categories and a description of each rating category is set out in Column 1 of the Differential General Rating Table at 15.1
 - (iii) the criteria used to determine the rating category to which ***rateable land*** is categorised are set out in column 2 of the Differential General Rating Table at 15.1.
- (c) Land that is described in one rating category (the "Original Category") that has a parity factor assigned to it by this resolution is automatically placed into a separate differential rating category referable to the Original Category and that parity factor (the "New Category"). The criteria for the New Category is the same as the Original Category with the addition of the parity factor.
- (d) Council, using the description specified in the Differential General Rating Table at 15.1 identifies the differential rating category in which each parcel of rateable land in the city is included.
- (e) For the ***financial year*** the differential general rate is determined under sections 4.1(b) and 4.1(c) and as specified in the Table at 15.3 and made equally on the ***rateable value*** of all ***rateable land*** in the city included in that category.
- (f) The differential general rate referred to in 4.1(e) will be multiplied by the parity factor corresponding to the differential rating category determined under sections 4.1(b) and 4.1(c) and specified in the Table at 15.3 to derive the differential general rates levied on ***rateable land***.

- (g) The parity factor applicable to certain CTS land as indicated in the Table at 15.3 is calculated by using the Table at 15.2.
- (h) As expressed in the Table at 15.3, the Table at 15.2 is not used to calculate the differential rating category for categories 10ba to 10bi, 10ca to 10ci, 14ba to 14bi or 14ca to 14ci inclusive.

4.2 Minimum differential general rates

Despite sections 4.1(e) and 4.1(f), the minimum differential general rate payable in respect of all **rateable land** in each category determined under sections 4.1(b) and 4.1(c) is that shown against its corresponding category in the Table at 15.3 with the exception of any land to which **land use code** 72 (Vacant Land) applies or which is otherwise exempt from minimum general rating under section 70(3) of **CoBR**.

4.3 Limitation of general rate increases:

- (a) In the case of land included in differential rating categories 1, 1ga, 10, 10aa to 10ad, 10ba to 10bi, 10ca to 10ci or 10ga determined under the Differential General Rating Table in Table 15.1:
 - (i) Despite sections 4.1(e) and (f) the amount to be levied by way of differential general rates for the **financial year** in respect of any land to which this subsection applies is not to be more than the amount of the differential general rates levied in respect of that land for the previous financial year increased by 7.50 percent.
 - (ii) Subject to sections 4.3(a)(iii) and 4.3(a)(iv), section 4.3(a)(i) applies to any land that at the commencement of the **financial year** is in differential rating category 1, 1ga, 10, 10aa to 10ad, 10ba to 10bi, 10ca to 10ci or 10ga of the Differential General Rating Table at 15.1.
 - (iii) To avoid any doubt, section 4.3(a)(i) does not apply to any land that is not held in full **private ownership**.
 - (iv) If ownership of any land is transferred on or after the commencement of the **financial year**, section 4.3(a)(i) will cease to apply on and from the date such transfer takes effect except in the following instances:
 - 1) change of name on title as a result of marriage or change of name by deed poll or
 - 2) transfer to, or inclusion of a spouse/de-facto/partner as a result of an amalgamation or separation of assets, or on the death of a spouse or
 - 3) transmissions to surviving joint tenant or tenants on death of other joint tenant/s.
 - (v) In the case of land that becomes an **owner occupied residence**, after the commencement of the **financial year**, section 4.3(a)(i) applies from the first **rating quarter** of the next **financial year** following the approved application of the **owner**.
- (b) In the case of land that is, as at the date of this resolution, recorded in Council systems by reference to its common name, its location or its real property description as shown in the table at section 15.19 of this resolution:
 - (i) Despite sections 4.1(e) and (f), the amount to be levied by way of differential general rates for the **financial year** in respect of any land to which this subsection applies is not to be more than the amount of the differential general rates levied in respect of that land for the previous **financial year** increased by 20.00 percent.
 - (ii) If ownership of any land to which this subsection applies is transferred on or after the commencement of the **financial year**, section 4.3(b)(i) will cease to apply on and from the date such transfer takes effect.
 - (iii) In the case of land that is included in the table at section 15.19 of this resolution, after the commencement of the **financial year**, section 4.3(b)(i) applies from the first **rating quarter** of the next financial year following the inclusion of the land in the table.
- (c) Land is eligible for inclusion in table 15.19 where the land is:
 - (i) eligible for a partial rebate of general rates and charges in accordance with section 12.2 or

- (ii) used for a religious, charitable, educational, trade union, industry association, community, sporting, arts and culture or club purpose or
- (iii) **owned** by a religious, charitable or not-for-profit organisation.
- (d) If the amount of differential general rates determined under section 4.3(a) or 4.3(b) is lower than the relevant differential rating category minimum determined under section 4.2, the ratepayer must pay the minimum differential general rate applicable to the differential rating category.
- (e) In the case of land included in differential rating categories 2e, 2f, 2g, 2i, 2m and 2n, 5c to 5aa, 5ac to 5ag, 8a to 8g, 9a to 9d, 13a, 13b, 16b, 26, 27, 28, 29, 30, 31, 34a to 34m, 35 and 36 as determined under the Differential General Rating Table, a change in either the common name or the address of the **rateable land** will not affect the categorisation for the purpose of calculating differential general rates.

5 Exemptions from Rating

5.1 Applying for an exemption

Section 95(2) of **CoBA** provides that rates may be levied on **rateable land**, that is not exempted from rates. In addition to land that is exempted from rates under section 95(3)(a) to (f)(i) of **CoBA**, Council may exempt land from rating by resolution for religious, charitable, educational or other public purposes.

Council has determined that land that meets the criteria in this section 5 is exempted from specified rates and charges provided that:

- (a) the **owner** of the land makes an application to Council in the approved form for the exemption and
- (b) Council approves that land as exempted from rates.

The exemption will take effect from the date of the approval.

5.2 Existing exempt land - Redevelopment

Where Council has previously granted approval for land to be exempted from rates and the land undergoes redevelopment or refurbishment which results in the activities conducted on the land being temporarily suspended, Council may (at the discretion of the Chief Financial Officer or General Manager, Support Services) continue to exempt the land from rates provided that:

- (a) there is an uninterrupted cycle from cessation of operations to construction and finally recommencement of a duration not exceeding 18 months and
- (b) the **predominant use** of the land after redevelopment or refurbishment remains unaltered, or if it does change, it complies with the criterion of another category of exemption and
- (c) the ownership of the land does not change during the course of the redevelopment.

If redevelopment or refurbishment works are not completed within 18 months, but there is evidence of a continuing process of redevelopment or refurbishment, the Chief Financial Officer or General Manager, Support Services may allow an extension to that period for a further period not exceeding six months.

The Chief Financial Officer or General Manager, Support Services may, in their absolute discretion, determine whether or not particular land falls within any of the categories of exemption under this resolution.

The Chief Financial Officer or General Manager, Support Services may request all reasonable information from the owner of the land to verify that the land meets the criteria of an exemption specified in this resolution.

5.3 Public purposes

Council resolves that land is exempted from rates if that land is:

- (a) vested in, or placed under the management or control of, a person under an Act for a public purpose that is a recreational or sporting purpose and
- (b) currently used for a public purpose that is a recreational or sporting purpose and
- (c) open to the public at all reasonable hours, free of charge.

For the avoidance of doubt, any land owned by a local government, other than Brisbane City Council, and used for a **local government purpose**, is deemed to be used for public purposes and is exempted from rates.

5.4 Religious purposes

Council resolves that land is exempted from rates if that land:

- (a) is owned by a **religious institution** and
- (b) does not exceed eight hectares in area and
- (c) has a **predominant use** of **public worship** and
- (d) has a building used either:
 - (i) entirely for **public worship** or
 - (ii) for **public worship** and educational purposes whether or not the land has other buildings on it that are used in conjunction with the place of **public worship**.

5.5 Charitable purposes

Council resolves that land is exempted from rates if that land:

- (a) is **owned** by an organisation that:
 - (i) is registered as a charity with the Australian Charities and Not-for-profits Commission and
 - (ii) has charity tax concession endorsement from the Australian Taxation Office and
- (b) has the **predominant use** of the giving of a gift of food, drink, clothing, temporary emergency accommodation or money to the destitute and/or homeless.

5.6 Educational purposes

Council resolves that land is exempted from rates if that land:

- (a) is **owned** by:
 - (i) a **religious institution** or
 - (ii) an organisation that:
 - 1) is registered as a charity with the Australian Charities and Not-for-profits Commission with the subtype of entity mentioned in column 2 of item 2 of the table in section 25-5(5) of the Australian Charities and Not-for-profits Commission Act 2012 (Cth) and
 - 2) has charity tax concession endorsement with the Australian Taxation Office and has the charitable purpose of Advancing education and
- (b) has buildings and purpose-built facilities used entirely as a school providing primary or secondary education ranging from Prep to Year 12 (including boarding schools), whether or not that land has other buildings on it that are used in conjunction with the school.

For the purpose of (b) above, "used entirely as a school" means that the land has:

- (i) building/s constructed, or being constructed, upon it or
- (ii) sporting fields as evidenced by the provision of purpose-built facilities (for example football fields, running tracks, athletics facilities etc.) which are being actively used, or are intended to be actively used upon completion of construction, for the educational purposes of the school.

Resolution of Rates and Charges 2026-27

Any such sporting facility must represent a majority use of the land if buildings do not exist upon the land.

For (i) or (ii) above, the use of a building or facility, or part of a building or facility, on the land by an organisation for any use does not prevent the land from meeting the requirements of paragraph (b) above provided the building or facility, or where part of a building or facility is used, that part of the building or facility, represents less than 10% of total land area.

Land that incorporates a mixture of education and commercial use may not be eligible for this exemption.

5.7 Higher Voluntary Conservation Agreement

Council resolves that land is exempted from rates if:

- (a) that land would, but for the fact that the land exceeds eight hectares in area, be eligible to be exempted under section 5.3 of this resolution and
- (b) part of that land is subject to a Higher Voluntary Conservation Agreement with Council and
- (c) the part of the land that is subject to a Higher Voluntary Conservation Agreement does not exceed eight hectares in area.

5.8 Non-rateable land before 13 May 1992

Council resolves that land is exempted from rates if that land:

- (a) was non-rateable prior to 13 May 1992 for the purpose of levying of rates under the repealed *City of Brisbane Act 1924* and
- (b) has, since 13 May 1992:
 - (i) been continuously used for the same purpose for which it was used immediately prior to 13 May 1992 and
 - (ii) been in the same ownership as it was immediately prior to 13 May 1992 and
 - (iii) does not meet any of the criteria for any other exemption under this section and
 - (iv) does not meet the criteria for a concession set out in section 12.3 of this resolution and
 - (v) is used for public, religious, charitable or educational purposes and
 - (vi) is deemed appropriate by Council to be exempted from rates despite the fact that the land does not meet any of the criteria for one of the other exemptions under this section.

6 Special Rates

Council has determined that a special rate will be made and levied for the **financial year** on the **rateable value** of **rateable land** identified in Table 15.4 below, for or towards meeting the development and/or operational costs of the benefitted areas.

Council considers that the land identified in Table 15.4 below has, or will specifically benefit from, or has, or will have, special access to the services, facilities or activities supplied or provided by the benefitted area undertaken, or proposed to be undertaken, by or on behalf of Council.

The overall plans (**OP**) (OP1, OP2, OP14 and OP34) in section 15.8 of this resolution for the supply or provision of services, facilities or activities and the annual implementation plans (**AIP**) (AIP-1, AIP-2, AIP-14 and AIP-34) in section 15.9 of this resolution setting out the actions or processes that are to be carried out and referred to below for each benefitted area are adopted.

7 Separate Rates

7.1 Environmental Management and Compliance Levy

- (a) Council has determined that all **rateable land** in the city has benefitted from, or will benefit from:
 - (i) the protection and enhancement of Brisbane's natural and built environments by activities undertaken by Council including:
 - 1) monitoring and enforcement of compliance by others with environmental and planning legislation
 - 2) managing of environmental programs and initiatives
 - 3) remediation of environmental problems e.g. protection of air quality, waterways, sediment control, landfill issues and effluent discharge (the activities and facilities) and
 - 4) enhancing the compliance of Council infrastructure and assets to ensure Council and Brisbane residents can effectively prepare for, respond to, and recover from natural disasters and major weather events.
 - (ii) Council meeting its obligations under the *Environmental Protection Act 1994*.
- (b) Council resolves that a separate rate be made and levied for the **financial year** on all land in the city towards the costs of the activities and facilities.
- (c) Council considers that, it is appropriate that the separate rate shown in the table at 15.5, be made on the **rateable value** of all land in accordance with the differential general rating categories.
- (d) The result of section 7.1(c) will be multiplied by the parity factor corresponding to the differential general rate category specified in section 4 and the table at 15.3 to derive the separate rates levied on individual **rateable land**.
- (e) Despite section 7.1(c), the minimum differential separate rate payable in respect of all benefitted land as determined under section 7.1(a) is that shown against its corresponding category in the table at 15.5, with the exception of any land to which **land use code** 72 (Vacant Land) applies or which is otherwise exempt from minimum general rating under section 70(3) of **CoBR**.

7.2 Bushland Preservation Levy - environment function

- (a) Council has determined that all **rateable land** in the city has benefitted from or will benefit from:
 - (i) the acquisition and protection of natural bushland or other areas in the city and the provision of facilities for public access to those areas and
 - (ii) the protection of other natural bushland areas in the city whether privately owned or otherwise and
 - (iii) the preservation, restoration, rehabilitation, management and enhancement of the city's environment undertaken or proposed to be undertaken by Council (the activities and facilities).
- (b) Council resolves that a separate rate be made and levied for the **financial year** on all land in the city towards the costs of the activities and facilities, except land where the **owner** has entered into a Voluntary Conservation Agreement or a Land for Wildlife Agreement with Council over all or part of that land.
- (c) Council considers that, it is appropriate that the separate rate shown in the table at 15.6, be made on the **rateable value** of all land in accordance with the differential general rating categories.
- (d) The result of section 7.2(c) will then be multiplied by the parity factor corresponding to the differential general rate category specified in section 4 and the table at 15.3 to derive the separate rates levied on individual **rateable land**.
- (e) Despite section 7.2(c), the minimum differential separate rate payable in respect of all benefitted land as determined under section 7.2(a) is that shown against its corresponding category in the table at 15.6 with the exception of any land to which **land use code** 72 (Vacant Land) applies or which is otherwise exempt from minimum general rating under section 70(3) of **CoBR**.

8 Special Charges

8.1 Rural Fire Services Levy

- (a) Council considers that all **rateable land** in the part of the city coloured pink on maps "**SC-1.1**", "**SC-1.2**" and "**SC-1.3**" in the overall plans **OPC-1.1**, **OPC-1.2** and **OPC-1.3** set out in section 15.8 of this resolution, has or will specially benefit from, or has, or will have, special access to the service, facility or activity supplied or provided by the Rural Fire Services Levy undertaken (or proposed to be undertaken) by the respective rural fire brigades.
- (b) The overall plans **OPC-1.1**, **OPC-1.2** and **OPC-1.3** in section 15.8 of this resolution for the supply or provision of services, facilities or activities by the Rural Fire Services Levy and the associated annual implementation plans AIPC-1.1, AIPC-1.2, AIPC-1.3 by the Rural Fire Brigade districts in section 15.9 of this resolution set out the actions or processes that are to be carried out are adopted.
- (c) Council resolves that a special charge will be made and levied for the **financial year** on **rateable land** identified above for or towards meeting the costs of the development of fire services in rural areas to provide adequate protection.
- (d) Council further resolves that the special charge:
 - (i) on all such **rateable land** shown on map "**SC-1.1**" will be **\$40.00**.
 - (ii) on all such **rateable land** shown on map "**SC-1.2**" will be **\$30.00**.
 - (iii) on all such **rateable land** shown on map "**SC-1.3**" will be **\$20.00**.

9 Utility Charges

Under **CoBA**, Council may levy utility charges relating to the provision of waste management, including recycling.

Additionally, under section 21 of the *Health, Safety and Amenity Local Law 2021*, Council may designate an area in which Council may conduct waste collection (a **waste collection area**). Council designates the city of Brisbane as defined by **CoBA** as a **waste collection area**.

Council resolves to levy a **Waste Utility Charge** for the **financial year** on all **improved premises** within the **waste collection area** in accordance with Table 15.7.

The **Waste Utility Charge** includes the ongoing provision of **waste management services**.

Commercial **Waste Utility Charges** are to be levied for the **financial year** on all non-residential improved premises within the **waste collection area** in accordance with Table 15.7. The Commercial **Waste Utility Charge** will be levied on a one-to-one basis with the base **Waste Utility Charge**. Any exemptions from or removals of Commercial **Waste Utility Charges** is at the discretion of Council.

An extra **Waste Utility Charge** or an extra Commercial **Waste Utility Charge** may be levied at **improved premises** where either:

- (a) more than the standard collection amount is required to be collected during the standard collection period for that ongoing service or
- (b) more than one collection service is required during the standard collection period for that ongoing service.

The terms "standard collection amount" and "standard collection period" are defined in Council's Waste Management Technical Notes.

In addition to the **Waste Utility Charge** on all **improved premises**, an Additional **Waste Utility Charge** may be levied on **improved premises** to include additional services provided by Council that are not included in a standard **Waste Utility Charge**. If an additional Green Waste Recycling Service is requested by the owner, an additional Green Waste Recycling Charge is applied. If an additional Yellow Recycling Service is requested by the owner, an additional Yellow Recycling Charge is applied.

The Moreton Island **Waste Utility Charge** is a separate charge levied due to the complexity and difficulty of service provision on Moreton Island. The standard **Waste Utility Charge** does not apply to **improved premises** located on Moreton Island.

The supply of a particular collection service type such as Mobile Garbage Bins or Bulk Bins for any given **improved premises** is at the discretion of Council, based on the particulars of the location and **improved premises** in question. Council may make such determinations where required. Council's Waste Management Technical Notes provide detail on how such discretion may be exercised.

Alteration of Waste Services requested

- (a) Where a request for an alteration of the number of waste management services represents a permanent change, relevant **waste utility charges** will be pro-rated for that rating period from the **waste management service charges effective date**.
- (b) Where **Waste Utility Charges** are altered for reasons such as **improved premises** being erected, destroyed, removed or demolished during the **financial year**, the **Waste Utility Charges** will commence from the **waste management service charges effective date**.
- (c) For an **improved premises** existing at the commencement of the **financial year** which has not been previously assessed, the estimated number of services will be a number determined by Council, based upon standard waste service provision, collection and disposal for like properties and the **Waste Utility Charges** will be payable in respect of the whole of the **financial year** unless Council otherwise determines.
- (d) Where an **owner** of **improved premises** can demonstrate that the number of services recorded for that **improved premises** is incorrect, the correct number will be substituted and the **Waste Utility Charges** will be adjusted. Credits or refunds for any period greater than the previous 12 months will be approved at Council's discretion.

10 Fees and charges

Pursuant to Council's powers conferred by Queensland legislation and Council's local laws, the fees, levies and general charges as set out in the "Schedule of Fees and Charges 2026-27" are determined and adopted for the **financial year**. The fees and charges in the Schedule of Fees and Charges include fees and charges determined to represent the fees and charges set by Council at the date of the Budget Resolution. Council may alter any of the fees and charges in Schedule of Fees and Charges by resolution at any time during the **financial year**.

11 Terms and Conditions

11.1 Rates and charges paid by instalments

- (a) Section 96 of **CoBR** provides that all differential general rates, separate rates, separate charges, special rates, special charges and utility charges must be levied by a rate notice.
- (b) In accordance with section 121 of **CoBR**, Council may decide to allow ratepayers to pay rates or charges by instalments. Council resolves that all rates and charges will be payable by instalments for each **rating quarter** of the **financial year**.
- (c) Adjustments in respect of rates and charges appearing on the rate notice may be made from the date of effect of any such change.

11.2 Discount on differential general rates

15.10 Land Use Codes

The **land use code** is part of Council's land record and indicates the **predominant use** for which the land is utilised or adapted to be utilised by virtue of its structure, fixtures and fittings or particular improvements and is an indicator of the land specific rating criteria.

The attribution of a **land use code** does not validate an unlawful or improper use of land. Council may review land uses of particular land to determine if they are permissible. Such a review may result in a notice to desist a particular activity.

The primary **land use code** identifies the **predominant use** for which the land is utilised and is an indicator of the land's specific rating category, while the secondary **land use code** applies where a lesser but not insignificant use is also conducted on the land.

The description of each rating category is used to identify which differential rating category land will be placed in accordance with this resolution.

In determining the **predominant use**, consideration will be given, but is not limited to, the **visual, spatial and economic attributes** of the land. Area is not the principal basis for determining the **predominant use**. The **predominant use** may be determined and applied during the construction phase of a structure and will be identified by its ultimate **land use code** followed by a secondary **land use code** of 01.
